2021 VIRTUAL GALA:  
**MORE THAN MUSIC**

**JUNE 10 - 7PM**

---

**The PYO Music Institute's 2021 Virtual Gala:** More Than Music will celebrate our talented students' resilience in the face of the pandemic and growth through the pursuit of musical excellence. PYO Music Institute's ensemble-based training is about so much more than music. Our young musicians develop character, discipline, commitment, perseverance, and community, and go on to become tomorrow's leaders. Join us from the comfort of your home for a delightful evening of musical performances, and highlights from our students, faculty, and musical community!

As our largest fundraiser of the year, the Gala supports outstanding music education for nearly 500 talented and dedicated students. Your gift supports these young musicians and ensures that financial burdens are never a barrier to participating in PYOMI's programs. Your generosity will help sustain the PYO Music Institute as we continue to serve our students, families, and musical community throughout the pandemic and beyond.
